

# What's the story in the Øresund Region?!

- Øresund Science Region; winner of EU RegioStars award 2008

Invitation to a pre-welcome-dinner reception **24th of June, 4 pm – 7 pm**  
at MINC, (Malmö Incubator across the street from registration)

Øresund Science Region (ØSR) and the Øresund University  
invite you to drop in and hear the good stories in the region,  
while you enjoy delicious Scandinavian specialties

Don't miss the opportunity to mingle and network with regional stakeholders!

**Øresund Science Region; Danish-Swedish collaboration  
between universities, businesses and authorities**

**Øresund Science Region: Winner of the prestigious EU-  
RegioStars award 2008 and now number 1 in Europe!**

"This project has had real impact and has overcome language, legislative and physical barriers by building interregional partnerships that had previously been non-existent. It is an excellent example of a bottom-up triple helix approach. The project has a good administrative foundation, good working partnerships and is a good example of successful networking".

-Jury's motivation for awarding ØSR with the EU RegioStars Award, Feb'08
